COLLEGE WITH PURPOSE PREPARING FOR THE COLLEGE TRANSITION

College with Purpose helps high school juniors and seniors better understand and prepare for the college experience. Whether planning on playing college athletics, or being a general student, a positive transition may mean the difference of academic success or missed opportunities. This program guides students in identifying their goals, overcoming their fears, developing skills and resources for college and creating a plan to reach their full potential. Using the strategic ACE Coaching process, **College with Purpose** teaches students greater respect for the challenges awaiting them, increased confidence, better problem solving skills, stronger relationships, and more motivation and commitment towards their future.

COACH RANDY

Randy Nathan, MSW, PCC (also known as Coach Randy) has been involved with high school students for over twenty years. Having coached All-Americans, college athletes, and Middle/High School standouts, he truly understands what it takes to succeed. Coach Randy is an international keynote speaker, coach, trainer and workshop facilitator. His hands-on experience, coupled with his background, education, training, and contagious enthusiasm has proven to be extremely effective in helping student athletes reach their true potential.

College with Purpose is a culmination of twenty years of commitment to young adults. Participants enhance their skill-sets, identify opportunities for growth and create dynamic action plans for success. College with Purpose is designed for student athletes who are truly invested in their future.
